

Opal AS

Antistatic pvc hose reinforced by an hard pvc spiral, with food grade quality, suitable for the transport of a multitube of media and food stuffs. Opal is very easy to handle even at low temperatures.

Construction: transparent pvc with food grade quality with an embedded hard white pvc spiral in the hose wall, smooth inside and outside containing a copper spiral encapsulated in PVC

Antistatic: $R > 2 \times 10^6$

Ω/m

Certificat: IANESCO 10617 dated 12/09/2008

Remarks: transport of food products following simulations A, B and C of the certificat, with the exception of alcoholic solutions $> 15^\circ$

ATTENTION: forbidden for the use with fatty food stuffs (vegetal oils, milk, ...)

Applications

Suction and discharge hose for plastic, cereal and other grains at room temperature
